

Human Nature and Sustainability of Civilizations

Paul Po Man Lee

Human Nature & Sustainability of Civilizations

This is one of the most important books you will ever read. It's about who you are and who they are:

- Identifying Personal Wisdom and Value by Colour Signals
- Human Dynamics: How People Match and Interact
- Balancing EQ and Personality through Subconscious Training
- Analyzing Politics, Management, Social Ecology & History
- From the Dawn of Humanity to the Dawn of Civilization
- The Progressive Equilibrium and Engineering of Civilizations
- Comparisons between Western and Eastern Cultural Values
- Threatening Global Crises that may Collapse Human Civilization

About the Author: Paul Po Man Lee

Paul Po Man Lee is a passionate colour psychologist, an educational writer, illustrator, Rocky Mountain tour guide, energy dowser, and a nature photographer. From the dark sky at sea to the beautiful lakes of the Canadian Rockies and from mysterious geopathic energy zones to the Colour Personalities of humans, Paul has spent over 40 years exploring about nature.

Over the last decade, after applying his evaluation system, he uncovered a secret relationship between human nature and the sustainability of civilization. No mainstream scholars have addressed this and as the subject concerns saving future generations, Paul felt that it was important to share his message with readers of all ages and cultures.

Open the pages of this book and you will be delighted and surprised by the wide array of wisdom at your fingertips.
